~ Optional ~

Please consider completing this optional section, which will give the Board a sense of why this review has been requested.

NOTE: When conducting a health impact review, the Washington State Board of Health will consider various ways that a proposal might exacerbate or ameliorate health disparities. Completing this section will give the Board a head start by helping it understand the reasons why a review is being requested.

Briefly describe how you think the proposal might impact health disparities and whether you believe the impact will be in a positive or negative direction.

This bill will positively impact communities across Washington who are experiencing price disparities due to intentional price mark-ups on products targeting certain genders.

Are there specific organizations or community groups you would like the Board to contact as part of this review if time allows?
